

## Specials for our winter months

Rose City Technical Services, Inc is happy to be able to give you **deep discounts** for all your small project needs during the next three (3) months.

We are in the process of building a backlog of small projects for our designers/drafters to work on in their spare time between larger projects

Do you have drawings sitting around the office from previous projects? Have you been unable to find the time and/or the experienced people to do drawings? Look no further!

If you and your company can wait up to 90 days for Rose City Technical to finish a small project, we in turn will be happy to give you a **LARGE discount!!!**

Projects will be done with the following criteria

- first come/served
- when designers/drafters available
- finished within 90 days.

## Why we offer specials

We want to help you, our existing and new customer. We want you to get to know our services, and how well we work with you to get the job done.

We have designers and drafters who have **experience in**

- mechanical
- process (P&ID's, PFD's)
- wastewater
- architectural
- civil
- electrical

and can help with any small project.

## Where are we located?

Located in the beautiful Portland metropolitan area, Rose City Technical is able to reach out anywhere in the United States with our newest electronic services (including FIOS) and equipment/software (including AutoCAD 2009). We can work with you by remote (including email, fax, FedEx) or onsite.

## Who is Rose City Technical?

Rose City Technical Services, Inc. is here to simplify your needs for **AutoCAD design/drafting services** on both large and/or small projects.

Industrial drafting has been the backbone of Rose City Technical Services, Inc. (RCTS), since its inception. We are eager to help with all phases of your project.

Rose City Technical Services is here to make YOUR work easier and more valuable to your company while helping finish and/or update your files.

## Who we are not.

Rose City Technical is **NOT a home based business**. We are located in a Beaverton office complex just off of I-217. We have designers and drafters who have been in the industry for **20+ years**. We know what it takes to get the projects finished on time.
